SECTION SF 30 BLOCK 14 CONTINUATION PAGE

**SUMMARY OF CHANGES**

SECTION 00010 - SOLICITATION CONTRACT FORM

The following have been modified:

**SECTION 00010  
PROPOSAL SCHEDULE**

The Contractor shall provide a price for all items, including those labeled, "Optional Items." The Government will evaluate the Contractor's entire proposal to determine which CLINs represent the lowest price technique acceptable to the Government.

No.	Description Qty	Unit	Unit Price	Total Amount
-----	-----------------	------	------------	--------------

**Proposal:**

<b>0001</b>	DBA Insurance	LS	xxx	\$ _____
<b>0002</b>	Site Adapt Construction Robat Jaley	LS	xxx	\$ _____
<b>0003</b>	Site Adapt Construction Mashey	LS	xxx	\$ _____
<b>0004</b>	Site Adapt Construction Den Mohammed	LS	xxx	\$ _____

**Sub-Total Base:** \$ \_\_\_\_\_

**Options**

<b>0005</b>	Soccer Field Robat Jaley	LS	xxx	\$ _____
<b>0006</b>	Soccer Field Mohammed Mashey	LS	xxx	\$ _____
<b>0007</b>	Soccer Field Den Mohammed	LS	xxx	\$ _____

**Sub-Total Options:** \$ \_\_\_\_\_

**TOTAL PROPOSAL:**

(total of all above costs – Base and all Options)

\$ \_\_\_\_\_

\*REVISED as of Amendment 0001

---

## PROPOSAL SCHEDULE NOTES

1. Offeror shall submit prices on all items.
2. Only one contract for the entire schedule will be awarded under this solicitation. This project will be awarded as a lump sum contract. This Proposal Schedule is an accounting tool for allocating funds to applicable budget.
3. Costs associated with this project shall include design and construction costs, site development, and utility installation.
4. DESIGN COSTS DEFINITION: Design costs shall consist of preparation of master planning and site design.
5. NON-DESIGN COSTS DEFINITION: Non-design costs shall include the following: initial site visits; final topographic, property, boundary, utility, and right-of-way surveys; subsurface explorations and borings; feasibility, functional, and economic studies and other investigations; preparation or verification of as-built drawings; preparation of general and development criteria; preparation of general and feature design memoranda; services of consultants where not specifically applied to the preparation of working drawing specifications; construction phase services; models, renderings, or photographs of completed designs; reproduction of designs for review purposes; and travel and per diem allowances in connection with the design and construction services.
6. COST LIMITATION: The established design cost limitation for all Design Costs, as defined in paragraph 4, shall not exceed 6 percent of the total construction cost.
7. SEPARATION OF WORK: All work for Design and Construction shall be included in all Proposal Items.
8. EVALUATION OF OPTIONS: The award will be made to the offeror whose proposal represents the best overall value to the Government. For pricing purposes the Government will evaluate both the Base Proposal and Option Proposals. The Government is not obligated to exercise the options.
9. EXERCISE OF OPTIONAL BID ITEMS: Optional bid items (if any) may, at the option of the Government, be added to the contract at any time within 180 calendar days after receipt of notice to proceed.
10. ORDER of WORK: The following order of work shall apply before start of optional bid items:  
All base bid contract line items have priority.
11. Period of performance is 360 calendar days from receipt of notice to proceed for the base and all options. Liquidated damages are assessed at \$1,900.00 per day for every day of delay past the period of performance of 360 days until contract completion.

-END OF SECTION-

## SECTION 00100 - BIDDING SCHEDULE/INSTRUCTIONS TO BIDDERS

The following have been modified:

## SECTION 00120

## PROPOSAL EVALUATION AND CONTRACT AWARD

## PART 1 – GENERAL

**A. BASIS FOR AWARD.** Award will be made on the basis of the lowest evaluated price of proposals meeting or exceeding the acceptability standards for non-cost factors. Tradeoffs are not permitted. Proposals are evaluated for acceptability but not ranked using non-cost/price factors.

**B. EVALUATION OF FACTORS:** An evaluation for acceptability will be performance on each proposal in accordance with FAR 15-101-2(b)(3). The Evaluation Factors for Award are outlined below: The proposal that provides the lowest price and is otherwise technically acceptable in all factors will be selected for award. To be considered technically acceptable, no technical factor in the proposal may be determined to be unacceptable. The failure of a proposal to meet any of the factors will result in a technically unacceptable rating and preclude award.

## C. PROPOSAL EVALUATION

## VOLUME 1 – MANAGEMENT-TECHNICAL PROPOSAL

**Factor 1 – Experience.** The Government will review the project experience of the offeror's company and site adapt designer, including subcontractors, on projects provided by the offeror in response to Section 00110, Factor 1. Offerors must meet the following minimum acceptability standards to receive a "GO" on this factor:

- ☐ Previous experience working on site adapt design/build contracts awarded by AED;
  - OR -
- ☐ Previous or current experience working on ANP projects;
  - OR -
- ☐ Previous experience working on host nation contracts awarded by a U.S. Department of Defense agency
  - OR -
- ☐ Previous design/build construction work same/similar to the work outlined in this RFP.

The offeror must have experience on a minimum of three (3) contracts in any one, or combination, of the three types of experience listed above.

**THOSE OFFERORS/TEAMS THAT CANNOT MEET THE REQUIREMENT OF THE COMPLETION/UNDERWAY OF TWO (2) PROJECTS OF \$3,000,000.00 WILL BE CONSIDERED NONRESPONSIVE AND NOT CONSIDERED FOR AWARD. To receive credit towards this requirement for work done as a subcontractor, the team member must have been responsible for at least 75% of the contract value or \$3,000,000,000 in work, whichever is less.**

Failure to demonstrate the minimally acceptable experience under this factor will result in a “NO GO” rating and possible elimination from further consideration for contract award.

**Factor 2 – Project Management Plan.** The Government will review the narrative discussion and organizational chart provided by the offeror in response to Section 00110, Factor 2. Offerors must demonstrate the following minimum acceptability standards to receive a “GO” on this factor:

- ☐ A Quality Control Program that has been implemented successfully on previous site adapt design/build projects;
- AND --
- ☐ The Offeror’s ability and experience in managing multiple concurrent projects of same/similar size and type to the proposal work and value of this RFP.

Failure to demonstrate the minimally acceptable experience and criteria under this factor will result in a “NO GO” rating and possible elimination from further consideration for contract award.

**Factor 3 – Personnel and Equipment Resources.** The Government will review the resumes and equipment list provided by the offeror in response to Section 00110, Factor 3. Offerors must demonstrate the following minimum acceptability standards to receive a “GO” on this factor:

- ☐ The offeror must demonstrate in all resumes that the personnel proposed have:
  - a degree in the field of work governed by the position they are assigned to,
  - a minimum of five (5) years of professional experience, and
  - experience in site adapt design/build construction contracts working in the position they are assigned to under this contract.

(For example, a Civil Engineer must have a degree in Civil Engineering, 5 years of professional experience, and experience with site adapt design/build construction contracts.)

-- AND --

- ☐ The offeror must demonstrate they have the equipment resources considered adequate by the Government to complete the project schedule for concurrent work on multiple sites under this contract. The Government will consider as part of this acceptability standard any other knowledge the Government has on other on-going projects or contractual commitments the offeror and its subcontractor(s) may have within the

host nation or abroad.

Failure to demonstrate the minimally acceptable criteria under this factor will result in a “NO GO” rating and possible elimination from further consideration for contract award.

**Factor 4 – Past Performance.** The Government will review the letters of reference submitted by the offeror in response to Section 00110, Factor 4. Offerors must demonstrate the following minimum acceptability standards to receive a “GO” on this factor:

- ☐ A minimum of one (1) past or current reference must recommend either hiring or using the offeror again for future work. The reference must be from a project same/similar in nature to this site adapt design/build project.

Failure to demonstrate the minimally acceptable criteria under this factor will result in a “NO GO” rating and possible elimination from further consideration for contract award.

Offerors with no past performance information will receive a “NO GO” rating for this factor.

**D. VOLUME II – COST/PRICE PROPOSAL PREPARATION.** Price or cost to the Government will be evaluated and considered, but will not receive an actual rating or be combined with other aspects of the proposal evaluation. The proposed price will be analyzed for fairness and reasonableness. It may also be evaluated to determine whether it is realistic for the work to be performed; reflects the Contractor’s clear understanding of the requirements; and is consistent with the offeror’s technical proposal. Additionally, the pricing schedule will be reviewed for unbalanced pricing.

**E. METHOD OF PROPOSAL EVALUATION.** All proposals will be reviewed to determine if they contain the required minimum procurement and technical data. Incomplete proposals may be eliminated. All forms shall be filled in and all requested data must be provided.
